Art Unit: 1774

1. Applicant's election with traverse of Group I, claims 1-5 in Paper No. 9 is acknowledged. The traversal is on the ground(s) that there would be greater uniformity of prosecution, an overall time savings, and it would not be an undue burden for the claims to be examiner together. This is not found persuasive because if the article claims are found allowable, process claims including all of the limitations of the article claims would be allowed, resulting in uniform, time saving prosecution, and prior to the identification of allowable claims, there would be a considerable additional search burden on the examiner were the restriction withdrawn.

The requirement is still deemed proper and is therefore made FINAL.

2. Claims 1-5 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The phrase "ultrahigh orienting alumina hydrate" is not an art recognized, nor is it defined in the instant specification. Consequently, the metes and bounds of what is covered by the claims cannot be accurately determined. It is also unclear what values are contemplated for "high orienting ability."

3. Applicant's arguments with respect to claims 1-5 have been considered but are moot in view of the new ground(s) of rejection.

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1774

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
